Current Alcohol & Other Drug Trends Training

When it comes to underage drinking and teen substance abuse, can you spot the **RED FLAGS?**

The Current Alcohol & Other Drug Trends Training provides key information and trends that every adult should know in regards to alcohol products, prescription drugs, designer drugs, and other street drugs. Stay on the cutting edge of alcohol and drug fads commonly used by tweens, teens and college students in Connecticut, with a look into marketing, popular culture, social norms, and environment.
